

## Tree Guards

All of our tree guards are made from non-rusting aluminum and are powder coated to give many years of maintenance free service. Item "A" shows a classic style with rolled tops that will enhance your streetscape. Shown with a Boulevard model tree grate model R-8707.

Simple yet elegant this style comes with an optional small skirt and provides optimum tree protection. Shown with a Parkway model tree grate model R-8728-A.

Our most popular model! Attractive, yet provides secure protection to your trees. A timeless look with it's flared top. Shown with a Majestic tree grate model R-8738-1.

Available with or without a band at the top this style gives you the look that you are trying to achieve. Shown with a Capital tree grate model R-8718-A.

Elegant courtyard beauty, this style has an English accent with it's rolled tops and flared barrel bottom. Shown with English Square tree grate model R-8740-1.

If you don't see the look you are after? Send us a sketch and we can custom build your tree guard.
